CEO MESSAGE

At RUWAD Group, we are driven by a simple yet powerful vision: to provide our clients with exceptional services and solutions that exceed expectations and create lasting value. Since our establishment in 2021, we have worked tirelessly to build a company that thrives on quality, innovation, and integrity. Our growth has been shaped by our dedication to safety, excellence, and customer satisfaction.

As a multi-division organization, we pride ourselves on being a one-stop solution provider, offering a wide range of services across Oil & Gas, Renewable Energy, Power & Utilities, Food Defense, Petrochemical, Construction, Industrial, Commercial, and Entertainment sectors. Each division plays a crucial role in enabling us to deliver tailored solutions that are designed to meet the unique needs of our clients.

Our success is the result of the collective efforts of our talented professionals, who continuously strive for excellence in everything they do. We are committed to maintaining the highest standards of safety and quality, while adapting to the ever-changing needs of the industries we serve.

As we look to the future, we remain focused on our goal of expanding our portfolio and reaching new heights of success, ensuring that RUWAD Group continues to be a trusted partner for businesses across the globe.

GROUP OVERVIEW

RUWAD Group Established in 2021 and Head Office in Dammam, Saudi Arabia. RUWAD Group is a steadily growing multi-division company supporting major industries across the Middle East. We specialize as a reliable subcontractor, delivering high-quality Engineering Support, Procurement Assistance, Fabrication & Construction (EPFC) services tailored to our Client's Project Needs. Our capabilities span a wide range of sectors, including Oil & Gas, Renewable Energy, Marine & Offshore, Power & Utilities, Defense, Construction & Infrastructure, Petrochemical, Industrial Plants, and Commercial Projects.

RUWAD Group operates with a strong focus on quality, safety, and client satisfaction, backed by ISO certifications and adherence to international standards. We invest continuously in skilled manpower, advanced technologies, and operational excellence to support the success of our clients' projects.

Each division is managed by experienced teams and operates under robust systems to ensure timely, safe, and value-driven project delivery.

OUR MISSION & VISION

VISION

To be a leading multi-division enterprise recognized globally for our reliability, innovation, and excellence—serving as the preferred one-stop solution provider across the Oil & Gas, Renewable Energy, Power & Utilities, Defense, Petrochemical, Construction, Industrial, Commercial, and Entertainment sectors.

MISSION

To deliver innovative, high-quality, and sustainable solutions across multiple industries by providing integrated services through our specialized divisions. We are dedicated to exceeding client expectations through operational excellence, safety, integrity, and a commitment to continuous improvement.

GOALS

Deliver high-quality solutions with global standards, build lasting relationships through tailored services that exceed customer expectations, promote sustainable growth with eco-friendly practices, advance through technology and expertise, and expand capabilities to reach new sectors and regions.

OUR CORPORATE VALUES

PEOPLE

We take the safety and well-being of our people seriously and provide our people with growth opportunities and partners with them to unleash our collective potential.

ACCOUNTABILITY

We have the courage to take full responsibility for our actions at all levels and set clear targets, empowers our people, and holds them accountable.

COLLABORATION

We works together to reflect the "Power of One" and create synergies and minimize organizational boundaries and works across them effectively.

TRUST

It is the foundation of our relationships with our clients, our partners, our people, and our communities. We never compromises on our professional and ethical principles.

EXCELLENCE

We deliver value to our clients through rigorous planning and disciplined execution and hedge against complacency by reflecting critically on our business practices.

PARTNERSHIPS

The partnerships we have developed with colleagues, customers, and suppliers are essential to our success. We will continue to strengthen these relationships and build new partnerships to ensure our future.

RUWAD AT GLANCE

OUR WAY

At RUWAD Group, we are driven by a simple yet powerful vision: to provide our clients with exceptional services and solutions that exceed expectations and create lasting value. Since our establishment in 2021.

ALIGNMENT WITH VISION 2030

RUWAD GROUP is proud to support Saudi Arabia's Vision 2030 by contributing to the Kingdom's growth and development.

Through our wide range of services, we are committed to:

- Investing in key sectors to support economic growth.
- Creating job opportunities and developing local talent.
- Using new technologies and sustainable methods to drive innovation.
- Delivering reliable infrastructure solutions that meet client and national needs.
- Promoting sustainability by following best environmental practices.

Our divisions - including construction, engineering, manufacturing, trading, facility management, ICT, logistics, marine, and technical services - work together to help build a strong, dynamic, and competitive Saudi Arabia.

At RUWAD GROUP, we are dedicated to shaping a better future for the Kingdom and the next generations.

OUR PRESENCE

With our headquarters in Dammam Saudi Arabia and a steadily growing footprint across the Middle East, RUWAD GROUP operates with a strong regional presence. Our divisions are strategically positioned to efficiently serve key markets, supported by a network of operations, partnerships, and supply chains that ensure responsiveness and localized service delivery. We are expanding into new geographies with the goal of becoming a preferred multi-disciplinary service provider across the region.

HSE POLICY

RUWAD is committed to protecting people, property and communities by upholding the highest industrial standards for safety, health and environmental sustainability in all its operations.

Awareness and Accountability: Promote understanding of HSE responsibilities and regularly review performance for continuous improvement.

Risk Management: Identify, assess, and mitigate HSE risks proactively before starting any operation or activity.

Clear Communication: Consistently communicate HSE objectives, policies, and procedures to all employees and stakeholders.

Training and Resources: Equip employees with the necessary training, education, and tools to uphold HSE accountability.

Facility Design Excellence: Design and build facilities using recognized best practices to protect people, property, and the environment.

Safe Operations: Operate and maintain facilities to safeguard the health and safety of all personnel and visitors.

Third-Party Compliance: Ensure contractors, suppliers, and visitors fully comply with the Company's HSE policies and objectives.

Emergency Readiness: Maintain preparedness and respond swiftly and effectively to any emergencies or incidents.

Incident Management: Report, investigate, and analyze all incidents to promote transparency and continuous improvement.

Community Safety: Encourage practices that promote health and safety both within the workplace and the wider community.

Continuous Improvement: Regularly review and enhance HSE programs to drive ongoing progress and operational excellence.

QUALITY ASSURANCE POLICY

At RUWAD, we are committed to delivering high-quality, professional, and efficient services that meet and exceed the expectations of our clients. Our goal is to ensure long-term sustainability and profitability for the organization, underpinned by a strong customer focus and continuous improvement in every aspect of our operations.

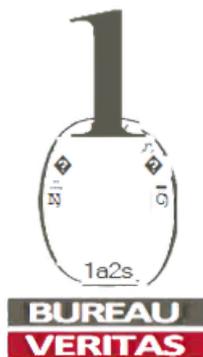

Our Management Team plays a critical role in this commitment, taking responsibility for establishing, implementing, integrating, and maintaining our Quality Management system (QMS). By ensuring that adequate resources are allocated across the organization, we guarantee that our QMS supports the achievement of our quality objectives.

We foster a Quality Culture throughout the company by promoting open communication, providing ongoing training, and encouraging active engagement. Each employee understands the importance of the Quality System, their responsibility in contributing to its effectiveness, and how it directly impacts the success of the organization.

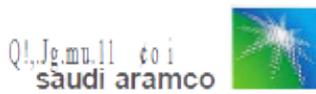

Every team member is trained and empowered to perform the duties required by their role in maintaining the highest quality standards. Our Quality System is regularly monitored, measured, evaluated, and continuously enhanced, with top management overseeing the process and ensuring that its status and effectiveness are communicated at all levels within the organization.

COMPLIANCE & ACCREDITATIONS

We are fully committed to maintaining compliance with industry standards and best practices. RUWAD Group is proud to hold multiple ISO certifications and adhere to global quality standards across all divisions. Our processes are aligned with industry-specific regulations, ensuring that we meet the highest levels of safety, environmental, and quality standards. This commitment to compliance and accreditation reflects our dedication to delivering reliable, high-quality services to our clients while maintaining operational efficiency and safety.
